_____	_____	_____		

DUAL ENROLLMENT REGISTRATION TERMS AND CONDITIONS

I hereby certify that the student is eligible to participate in dual enrollment and will abide by the following:

- The Dual Enrollment Agreement is effective for the academic year, and we will abide by the policies and procedures regarding admission and eligibility for continuous enrollment in the [Dual Enrollment Program](#). Students must abide by PHSC's Student Code of Conduct as outlined in the Catalog and Student Handbook.
- The Dual Enrollment program is a rigorous program for academically motivated high school students who demonstrate interest, maturity, and academic readiness. The Dual Enrollment program requires a significant commitment from students for them to be successful.
- By participating in this program, students will be starting their college academic record. All grades earned, including withdrawals and failing grades, will be a part of their official PHSC transcripts. Grades, including withdrawal grades, may affect subsequent postsecondary admissions and financial aid eligibility.
- Access to instructional materials (i.e. textbooks and access codes) has a strong impact on the student success in a course. Dual enrollment students must order instructional materials in a timely fashion so that they have the materials by the first day of class. Failure to have the instructional materials by the first day of class may result in the student being administratively withdrawn from the course.
- The course availability is first-come, first-serve. Therefore, an approved course does not guarantee enrollment in the course.
- The transfer of dual enrollment credits is subject to the approval of each college or university.
- Credits will be used to fulfill high school graduation requirements and/or college or technical credits.
- Student is permitted to register based on the total number of credit hours completed at PHSC on the designated date/time.

- All students must complete the Online Readiness Course prior to enrolling in an online class. The Online Readiness Course is available in the student's Canvas account via myPHSC on the [PHSC website](#).
- Due to Family Educational Rights and Privacy Act (FERPA), PHSC is unable to release any information to parents regarding the student's account with PHSC even if the student is under 18 years old. Parents/guardians do not have access to a student's progress reports, grades, assignments, coursework or college instructors and PHSC does not provide parent conferences. FERPA does not permit anyone other than the student to register for courses.
- Students who pass the AP, ACE, IB and CLEP exams are not permitted to take equivalent dual enrollment courses for a grade or for high school credit.
- Transportation to and from the PHSC campus is the responsibility of the student/family.
- Students will be required to participate in college-level courses. Courses will not be modified to accommodate different student ages and maturity. Moreover, students will be in a learning environment that explores a diverse and open range of ideas that requires a mature understanding of multiple perspectives. Students must be able to engage in discussions in a respectful and responsible manner. Alternative assignments will not be provided in the case that course materials or content does not reflect topics typically included in high school courses.
